## EVENING/NIGHT INFORMATION

This information package is intended further your knowledge and awareness of the Evening/Night care service at City Community Children's Centre.

### **CHILDREN'S NEEDS**

Evening/Night care has a large emphasis on security and comfort. We understand that all children are individual and have varied physical and personal needs. Our Nightly routine is flexible in order to account for this.

We do ask that you please handover any needs that your child (or family) may have so we can follow this up.

Evening children are usually separated into 2 groups (0-2.5 and 2.5-10) however siblings who wish to remain together are able to do so. Where possible we sleep siblings next to each other.

It also helps us to know how your child's day has been so far; have they been busy all day, just woken up, or just eaten? These things often affect how their Evening or Night progresses.

### **PROGRAM**

Our Evening/Night program is written and evaluated fortnightly. The program is developed from individual observations of our regular children, and includes interest and age based activities for all children.

We embrace the Children's input into our program by encouraging their ideas and providing a flexible and sociable atmosphere allowing room for spontaneity.

The varied ages of the E/N children offers a great mixed grouping atmosphere and promotes a range of social interactions.

The program is displayed on the office window above the attendance sheet. Parent feedback is welcomed.

The types of experiences your child may be involved in include:

#### **Older children**

Puzzles, games, board games  
Various construction (blocks, mobilo, lego, interlink)  
Drawing, painting, pasting, tracing  
Reading, writing  
Movement, dance  
Roleplay (dressups, dolls, homecorner)  
Group activities, singing, discussion  
Special projects, cooking, gardening

#### **Younger children**

Movement, dance, climbing  
Activity centers  
Singing, rhymes  
Socialization (names, physical security)  
Books  
Construction  
Roleplay

### **GENERAL NOTES**

The front door is locked after dark. If you are picking up or dropping off after this time please use the button located on the outside wall to get staff to unlock the door.

We have dinner at 6.30pm and older children have supper at 8.00pm. If you would like us to save dinner for your child please let us know when booking them in.

Dinner consists of 2 courses and the menu is displayed near the kitchen. For information regarding what your child has eaten please see a staff member or read the children's information sheets. These are located next to the E/N attendance sheet where you sign your child in and out.

The Children's Information Sheet also contains information about what your child has done during the evening, where they are sleeping and what time they went to sleep. This recorded information is not intended to replace direct communication with a staff member, rather it is used in addition to a verbal handover.

Please bring in pyjamas, toothbrush and toothpaste, nappies if required, and anything else that may be needed for sleep. If your child requires milk bottles we ask that you bring them in made up, named and dated.

If you have any further questions regarding Evening/Night care please do not hesitate to speak to a staff member.
